3. NON-EXECUTIVE DIRECTORS

The Company's policy is to remunerate non-executive directors at a fixed fee for time, commitment and responsibilities. Remuneration for non-executive directors is not linked to individual performance.

From time to time, the Company may grant options or other equity based incentives to non-executive directors, subject to obtaining the relevant shareholder approvals. The grant of options or other equity based incentives is designed to attract and retain suitably qualified non-executive directors. All of the directors' holdings are fully disclosed. Options or other equity based incentives issued to non-executive directors will not have any performance hurdles in accordance with ASX Principles and Recommendations as it may lead to bias in their decision-making and compromise their objectivity.

The maximum aggregate amount of fees (including superannuation payments) that can be paid to non-executive directors is subject to approval by shareholders at General Meeting.

To the extent that any non-executive directors participate in any equity-based remuneration schemes, they are prohibited (without the prior approval of the Chair) from entering into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme.

4. EXECUTIVE DIRECTORS AND SENIOR EXECUTIVES

Executive remuneration consists of fixed remuneration and performance incentives. Short term incentives (STIs) may include equity incentives and/or a cash bonus. Long term performance incentives (LTIs) may include shares, options, performance rights and/or cash bonuses granted at the discretion of the Board on the recommendation of the People and Culture Committee and subject to obtaining the relevant approvals.

The grant of shares, options, performance rights and/or cash bonuses is designed to recognise and reward efforts as well as to provide additional incentive to continue

those efforts for the benefit of the Company and may be subject to the successful completion of performance targets.

The grant of shares, options, performance rights and/or cash bonuses may also be used by the Company as a means of attracting or retaining suitably experienced senior management executives.

In the event of serious misconduct or a material misstatement in the Company's financial statements, the Board may in its discretion cancel or defer performance-based remuneration and may also clawback performance-based remuneration paid in previous financial years.

Executives are offered a competitive level of fixed remuneration (being base pay and superannuation) at market rates (for comparable peer companies), which are reviewed annually to ensure market competitiveness.

5. EMPLOYEE AWARD PLAN

As an incentive and retention mechanism, the Company has adopted an Employee Award Plan which has been approved by shareholders in General Meeting. The purpose of the award plan is to give employees, officers and directors of the Company an opportunity, in the form of options or performance rights, to subscribe for shares in the Company. The directors consider the scheme will enable the Company to retain and attract skilled and experienced employees, board members and officers, and provide them with the motivation to make the Company more successful and deliver value for shareholders. Where appropriate, performance targets will be set for options and performance rights that align the short-term and long-term interests of the Company with those of the individual employee, officer or director.

Participants in the Employee Award Plan, including directors and other senior executives, are prohibited (without approval from the Chair) from entering into transactions (whether through the use of derivatives or otherwise) which limit the economic risk of participating in the scheme.
